

WORKSHOP

LEGO® SERIOUS PLAY® DAY

DESCRIPTION

YOU WOULD LIKE TO WORK OUT COMPLEX PROBLEMS AND SOLUTIONS WITH YOUR TEAM IN A PLAYFUL WAY?

Then you will benefit from the LEGO® SERIOUS PLAY® method. An essential advantage of LEGO® SERIOUS PLAY® is that questions and challenges are not answered verbally but are built with LEGO® as a three-dimensional thought model.

By building an answer out of LEGO®, the participants delve deeper into the question. Through the hand-brain principle, they activate the part of the brain responsible for abstract thinking and creativity. Through the hand-brain principle, they activate the part of the brain responsible for abstract thinking and creativity and develop new approaches to solutions.
